INTRODUCTION

Delta Dental is pleased to welcome you to the group dental plan for MEBA Medical and Benefits Plan. Our goal is to provide you with the highest quality dental care and to help you maintain good dental health. We encourage you not to wait until you have a problem to see the dentist, but to see him/her on a regular basis.

Using This Evidence of Coverage

This Evidence of Coverage discloses the terms and conditions of your coverage and is designed to help you make the most of your dental plan. It will help you understand how the plan works and how to obtain dental care. Please read this booklet completely and carefully. Keep in mind that YOU and YOUR mean the individuals who are covered. WE, US and OUR always refer to Delta Dental. In addition, please read the **Definition of Terms** section, which will explain any words that have special or technical meanings under the plan.

The benefit explanations contained in this booklet are subject to all provisions of the Group Dental Service Contract on file with your employer, trust fund, or other entity ("Plan Administrator") and do not modify the terms and conditions of that contract in any way, nor shall you accrue any rights because of any statement in or omission from this booklet.

Contact Us

If you have any questions about your coverage that are not answered here, please visit our web site at www.deltadentalins.com or call our Customer Service Center. A Customer Service Center representative can answer questions you may have about obtaining dental care, help you locate a participating dentist, explain benefits, check the status of a claim, and assist you in filing a claim.

Representatives are available by telephone Monday through Friday, 8:00 a.m. to 8:00 p.m. Eastern Time at (717) 766-8500 or toll-free at (800) 932-0783. If you are hearing impaired, you may call our toll-free TTY/TDD number at (888) 373-3582. You can also access Delta Dental's automated information line at (800) 932-0783 to obtain information about enrollee eligibility and benefits, group benefits, or claim status.

If you prefer to write Delta Dental with your question(s), please mail your inquiry to the following address:

SELECTING YOUR DENTIST**Free Choice of Dentist**

Delta Dental recognizes that many factors affect the choice of dentist and therefore supports your right to freedom of choice regarding your dentist. This assures that you have full access to the dental treatment you need from the dental office of your choice. You may see any licensed dentist for your covered treatment:

- Delta Dental PPO Participating Dentist ("PPO")
- Delta Dental Premier Participating Dentist ("Premier")
- Non-Participating Dentist

In addition, you may choose your own specialist and you and your family members can see different dentists.

Remember, you enjoy the greatest savings when you choose a PPO dentist. To take full advantage of your benefits, we highly recommend you verify a dentist's participation status within a Delta Dental network with your dental office before each appointment. Review the section titled "How Claims Are Paid" for an explanation of Delta Dental payment procedures to understand the method of payments applicable to your dentist selection and how that may impact your out-of-pocket costs.

Referrals to Specialists

Your dentist may refer you to another dentist for a consultation or specialized treatment or you may elect to see a specialist on your own. If this is done, be sure that the dentist you are referred to is a participating dentist. You can do this by simply asking the specialist when you make your appointment. Visiting a dentist who has agreed to participate in the Delta Dental network can save you money, time, and the hassle of paperwork. Remember, if the dentist is not a participating dentist, you may be required to pay all of the treatment cost at the time of service and submit a claim to Delta Dental for reimbursement.

If you are diagnosed with a condition or disease that requires a specialist and no specialist who is a participating dentist has the specialized dental training and expertise to treat your condition or disease or Delta Dental can not provide reasonable access to a specialist who is a participating dentist without unreasonable delay or travel, you may be referred or consult a specialist who is not a participating dentist on your own. For purposes of calculating any deductible, co-payment amount or co-insurance payable by you, he will be considered a Premier Participating Dentist for your treatment. Remember, if the dentist is not a Premier dentist, you may be required to pay all of the treatment cost at the time of service and submit a claim to Delta Dental for reimbursement.

Locating a Delta Dental Participating Dentist

There are several ways in which you can locate a participating dentist near you:

- You may access information about the plan through our web site at www.deltadentalins.com. This web site includes a dentist search function allowing you to locate Delta Dental participating dentists by location, specialty and network type; or
- You may also call Delta Dental and one of our representatives will assist you. He/she can provide you with information regarding a dentist's membership status, specialty and office location.

PLAN INFORMATION

Benefit Summary Charts

The services provided through the plan include all the benefits described in the Benefit Summary Charts on the following pages, depending on the participation status of the dentist providing the services, with the exception of those items presented in the **Limitations and Exclusions** section. The plan covers several categories of benefits when a licensed dentist provides the services and when they are within the standards of generally accepted dental practice. To help you understand the types of procedures that are included in each of the categories of services, examples and descriptions are provided in the charts. The enrollee's share may be higher than the percentages listed in the charts, depending on the applicability of deductibles and maximums. When services are provided by a non-participating dentist, the enrollee's balance of the payment is the sum of the enrollee copayment and the difference between the submitted amount and the Premier Maximum Plan Allowance.

The information in the following chart applies to services provided by Delta Dental PPO dentists only.

* For Delta Dental Premier dentists and Non-Participating dentists, percentages are based on the Premier Allowed Amount, which is the lesser of the dentist’s submitted fee or the Premier Maximum Plan Allowance. For Non-Participating dentists, the enrollee’s responsibility is the copayment plus the difference between the non-participating dentist’s submitted amount and the Premier Maximum Plan Allowance.

** At least \$50.00 or the cost of the Treatment, whichever is less.

***Maximum does not apply to dependent children under age 19.

Copayments

The plan will pay a percentage of the applicable allowed amount (PPO allowed amount for PPO dentists or Premier allowed amount for Premier and Non-Participating dentists) for each covered service subject to certain limitations, and you are responsible for paying the balance. What you pay is called the copayment and is part of your out-of-pocket cost. You pay this even after a deductible has been met.

The amount of your copayment will depend on the type of service provided and the dentist providing the service (see section titled "Selecting Your Dentist"). Dentists are required to collect your copayment for covered services.

It is to your advantage to select PPO dentists because they have agreed to accept the PPO allowed amount as payment, which typically results in lower copayments charged to you. Please read the sections titled "Selecting Your Dentist" and "How Claims Are Paid" for more information.

Deductible

Most dental plans have a specific dollar deductible. The Benefit Summary Charts show the deductibles that apply. Deductibles apply to all benefits unless otherwise noted. Each enrolled family member must pay the individual deductible amount each contract year to satisfy the plan deductible. You pay this directly to your dentist for completed services. The total deductible amount paid will not exceed the family deductible for all family members.

Maximum Benefit

Most dental programs have a maximum benefit. This is the maximum dollar amount a dental plan will pay toward the cost of dental care. The enrollee is personally responsible for paying costs above the maximum benefit. The Benefit Summary Charts show the maximum benefit amount that applies, depending on the participation status of the dentist providing the services. This is the maximum benefit amount that Delta Dental will pay for covered services per enrollee in a contract year.

Limitations and Exclusions

Dental plans are designed to help with part of your dental expenses and may not always cover every dental need. The typical program includes limitations and exclusions, meaning the program does not cover every aspect of dental care. This can relate to the type of procedures or the number of visits. These limitations and exclusions are carefully detailed in this booklet and you should make yourself familiar with them. Please read the **Limitations and Exclusions** section to help you understand the limitations and exclusions of this dental plan.

HOW CLAIMS ARE PAID

Payment by Delta Dental for any single procedure that is a covered service will be made upon completion of the procedure. Payment for care is applied to the contract year deductible and maximum benefit based on the date of service. After you have satisfied your deductible requirement, Delta Dental will provide payment for covered services at the percentage indicated in the Benefit Summary Chart, up to a maximum for each enrollee in a contract year.

Payment for Services — Delta Dental PPO Dentist

Payment for covered services performed for you by a PPO dentist is based on the PPO maximum plan allowance. PPO dentists have agreed to accept a PPO maximum plan allowance as the full charge for covered services.

Delta Dental calculates its share of the maximum plan allowance, or the dentist's submitted fee, whichever is less, ("Delta Dental Payment") using the applicable percentage from the Benefit Summary Chart and sends it directly to the PPO dentist who has submitted the claim. Delta Dental advises you of any charges not payable by Delta Dental for which you are responsible ("Patient Payment"). These charges are generally your share of the maximum plan allowance or submitted fee (copayment), the deductible, charges where the maximum benefit has been exceeded, and/or charges for non-covered services.

Payment for Services — Delta Dental Premier Dentist

A Delta Dental Premier dentist is a participating dentist, but is not a Delta Dental PPO dentist. Premier dentists have not agreed to accept a PPO maximum plan allowance as full payment for services, but instead have agreed to accept a Premier maximum plan allowance. Payment for covered services performed for you by a Premier dentist is calculated based on the Premier allowed amount, which is the lesser of the dentist's submitted fee or the Premier maximum plan allowance.

The portion of the Premier allowed amount payable by Delta Dental ("Delta Dental's Payment") is limited to the applicable percentage shown in the Benefit Summary Chart. Delta Dental's Payment is sent directly to the Premier dentist who submitted the claim. Delta Dental advises you of any charges not payable by Delta Dental for which you are responsible ("Enrollee's Payment"). These charges are generally your share of the Premier allowed amount, as well as any deductibles, charges where the maximum benefit has been exceeded, and/or charges for non-covered services.

Payment for Services — Non-Participating Dentist

Payment for services performed for you by a non-participating dentist is also calculated by Delta Dental based on the Premier allowed amount, which is the lesser of the dentist's submitted fee or the Premier maximum plan allowance. The portion of the Premier allowed amount payable by Delta Dental ("Delta Dental's Payment") is limited to the applicable percentage shown in the Benefit Summary Chart.

When dental services are received from a non-participating dentist, Delta Dental's Payment is sent directly to the primary enrollee. You are responsible for payment of the non-participating dentist's total fee. Non-participating dentists will bill you for their normal charges, which may be higher than the Premier allowed amount for the service. You may be required to pay the dentist yourself and then submit a claim to Delta Dental for reimbursement. Since the Delta Dental Payment for services you receive may be less than the non-participating dentist's actual charges, your out-of-pocket cost may be significantly higher.

Orthodontic Payments

Unless otherwise specified in the contract, Delta Dental will pay half of its orthodontic payment up front, at the time of banding. (Delta Dental's orthodontic payment is calculated in the same manner as the "Delta Dental Payment" in the above examples.) The remaining half will be paid one year later. If the treatment time is 12 months or less, Delta Dental's orthodontic payment will be paid as a lump sum at the beginning of the orthodontic treatment, unless the group has requested monthly or quarterly payment arrangements.

How to Submit a Claim

Delta Dental does not require any special claim forms. Most dental offices have standard claim forms available. Participating dentists will fill out and submit your claims paperwork for you. Some non-participating dentists may also provide this service upon your request. If you receive services from a non-participating dentist who does not provide this service, you can submit your own claim directly to Delta Dental. For your convenience, you can print a claim form from our web site: www.deltadentalins.com.

Your dental office should be able to assist you in filling out the claim form. Fill out the claim form completely and mail it to:

Delta Dental
P.O. Box 2105
Mechanicsburg, PA 17055-6999

Payment Guidelines

Delta Dental does not pay participating dentists any incentive as an inducement to deny, reduce, limit or delay any appropriate service.

If you or your dentist files a claim for services more than twelve (12) months after the date you received the services, payment may be denied. If the services were received from a non-participating dentist, you are still responsible for the full cost. If the payment is denied because your participating dentist failed to submit the claim on time, you may not be responsible for that payment. However, if you did not tell your participating dentist that you were an enrollee of the plan at the time you received the service, you may be responsible for the cost of that service.

We explain to all participating dentists how we determine or deny payment for services. We describe in detail the dental procedures covered as benefits, the conditions under which coverage is provided and the program's limitations and exclusions. If any claims are not covered, or if limitations or exclusions apply to services you have received, you may be responsible for the full payment.

If you have any questions about any dental charges, processing policies and/or how your claim is paid, contact Delta Dental.

Optional Treatment and Non-Covered Services

You must pay for any non-covered or optional dental benefits that you choose to have done. Refer to the **Limitations and Exclusions** section for information about excluded services and limitations.

Often there are several approaches or different methods that a dentist may use to treat dental needs. This program is designed to cover dental treatment using standards of care consistent with the delivery of quality, affordable dental treatment to the enrollee. If you request a treatment that is more costly than standard practice, you must pay for the charges in excess of the covered dental benefit.

Example: If a metal filling would fix the tooth and you choose to have the tooth crowned, you are responsible for paying the difference between the cost of the crown and the cost of the filling. You must pay this money directly to your dentist.

Pre-Treatment Estimates

If you and your dentist are unsure of your benefits for a specific course of treatment, or if treatment costs are expected to exceed \$300, Delta Dental recommends that you ask for a pre-treatment estimate. You should ask your dentist to submit the claim form in advance of performing the proposed services. Pre-treatment estimate requests are not required but may be submitted for more complicated and expensive procedures such as crowns, routine extractions/soft tissue extractions, bridges, dentures, or periodontal surgery. You'll receive an estimate of your share of the cost and how much Delta Dental will pay before treatment begins. Delta Dental will act promptly in returning a pre-treatment estimate to you and the attending dentist with non-binding verification of your current availability of benefits and applicable maximums. The pre-treatment estimate is non-binding as the availability of benefits may change subsequent to the date of the estimate due to a change in eligibility status, exhaustion of applicable maximum benefit or application of frequency of procedure limitations.

Other Dental Insurance – Non-Duplication of Benefits

If you or a qualified dependent are covered under another dental plan (for example, if you are covered as a dependent under your spouse's dental plan), that plan's dental benefits will be coordinated with the benefits provided under the MEBA Plan.

Coverage under a "no fault" or medical payments provision of an automobile insurance policy is also subject to coordination with your MEBA Plan benefits. The Plan's complete coordination of benefits rules are contained in Article XVII of the Medical and Benefits Plan Regulations, and are summarized briefly below.

Under coordination of benefits, if you or any of your qualified dependents have coverage under another dental plan, the MEBA Plan and the other plan(s) will coordinate with each other to prevent duplicate benefit payments. Coordination of benefits only applies when someone has two or more dental plan coverages. If the MEBA Plan is the only plan that covers an individual filing a claim, then coordination of benefits does not apply.

First, the "primary plan" pays all the benefits it would normally pay without regard to any other coverage you or a dependent might have. Then, the "secondary plan" pays all the benefits it would normally pay minus the benefits paid by the primary plan.

Primary and secondary plans are generally determined as follows:

- The plan that covers someone as an employee (rather than as a dependent) is the primary plan.
- The plan that covers someone as a dependent spouse of an employee is the secondary plan.
- For dependent children who are covered under plans of both parents, the "birthday rule" is used. Under the birthday rule, the plan of the parent whose birthday is earlier in the year is the primary plan and the plan of the parent whose birthday is later in the year is the secondary plan. (If both parents have the same birthday, then the plan that has covered the child longest is the primary plan.)

When children are covered under plans of divorced or separated parents or where the parents are not living together, or whether or not they have ever been married, the primary plan is generally determined as follows:

- If a court decree states one of the parents is responsible for the dependent child's health care coverage, that plan is primary. If the parent with responsibility has no health care coverage, but the parent's spouse does have health care coverage, that parent's spouse's plan is the primary plan.
- If a court decree states that both parents are responsible for the dependent child's health care coverage, then refer to the "birthday rule" for determination.

- If a court decree states that both parents have joint custody but does not specify which parent is responsible, then refer to the “birthday rule” for determination.
- If there is no court decree which addresses responsibility for dependent child’s health care coverage, the order of determination will be as follows:
 - i. The plan covering the custodial parent;
 - ii. The plan covering the custodial parent’s spouse;
 - iii. The plan covering the non-custodial parent; and then
 - iv. The plan covering the non-custodial parent’s spouse.

If the above rules do not resolve which plan is primary, then the plan that is covering the individual as an active employee is primary and the plan covering the individual as a pensioner is secondary.

Remember, the above is only a summary of the coordination of benefits rules. See the Plan Regulations for complete details.

Who Is Eligible ***Employee Coverage***

As a new entrant into the Plan, you become covered by the Plan on the date you complete 30 days of Covered Employment in any six consecutive calendar months. Thereafter, in order to maintain eligibility, you must complete 60 days on the payroll in Covered Employment within any period of six consecutive calendar months, unless you were totally disabled on February 1, 2006, in which case a special rule applies. Absence of work due to any health factor (e.g., sick leave or hospitalization) is treated as being in covered employment for purposes of counting the days for eligibility. Days of attendance at the MEBA Engineering School count for purposes of determining your eligibility for Plan benefits (unless you are otherwise entitled to such credit as work in covered employment or unless you are receiving vacation benefits paid by the MEBA Vacation Plan).

Your Plan coverage continues for six months following the last day of Covered Employment that was used to earn your eligibility. If you become totally disabled, your coverage continues for 18 months after the last day of Covered Employment that was used to earn your eligibility, but only so long as you are considered totally disabled by the same disability.

If you are employed by District No. 1-PCD, MEBA (the “Union”), the Engineering School, the Plan Office, or another employer that covers non-collectively bargained employees, your coverage begins after you complete one month of continuous employment and ends on the last day of the month in which your employment terminates.

In all cases, your coverage ends immediately upon entering military service unless you elect to continue coverage under the Uniformed Services Employment and Re-employment Rights Act (“USERRA”).

Dependent Coverage

While you are covered by the Plan your qualified dependents are also covered for medical and dental benefits. Your qualified dependents are:

- Your spouse (coverage for your spouse ends on the date of divorce, legal separation or when you and your spouse enter into a written agreement to live separately);
- Your unmarried children (including adopted children) under age 19 (stepchildren are covered if they are members of your household and dependent on you for support);
- Children for whom you are obligated to provide medical coverage under a Qualified Medical Child Support Order;
- Your married or unmarried children to age 26;
- Your dependent parents if you do not have a spouse or children who qualify as dependents, your parents are principally dependent on you for support, and they are claimed as dependents on your federal income tax return; and

- Your grandchildren, but only if a court has awarded you legal custody of them, you have tried to adopt them but have been unable to do so, both parents of the grandchildren are deceased, incarcerated, totally disabled or unable to care for them, and you claim the grandchildren as dependents on your federal income tax return. Coverage for grandchildren under this Plan is subject to the maximum pre-existing condition exclusion permitted by law for the first 12 months of coverage.

The age limits for dependent children do not apply to an unmarried child who is incapable of self-sustaining employment by reason of mental or physical disability, provided the child became so incapable before the age limit was reached.

Coverage for your qualified dependents ends when your coverage ends, or when they cease to be qualified dependents as defined above. If you die while covered, coverage for your qualified dependents continues at no cost for five calendar months after the month of your death.

Remember, the above is only a summary of the eligibility rules. See the Plan Regulations for complete details.

Extension of Benefits

- In the event that your coverage is terminated, Delta Dental will extend benefits for at least 90 days beyond the date on which your coverage terminates or until the services are complete if the treatment: (1) begins before the date coverage terminates; and (2) requires two or more visits on separate days to a dentist's office.
- In the case of orthodontic procedures, notwithstanding any other limitation on orthodontic benefits, Delta Dental will extend benefits until half of the orthodontic treatment is complete if the orthodontist has received the first 50% of the Delta Dental benefit; or for 90 days or until the end of the quarter in progress, whichever is longer, if the orthodontist has agreed to or is receiving quarterly payments when coverage terminates.

COMPLAINTS, GRIEVANCES AND APPEALS

Our commitment to you is to ensure quality throughout the entire treatment process: from the courtesy extended to you by our customer service representatives to the dental services provided by our participating dentists. If you have questions about any services received, we recommend that you first discuss the matter with your dentist. However, if you continue to have concerns, please call Delta Dental's Customer Service Center.

Delta Dental attempts to process all claims within 30 days. If a claim will be delayed more than 30 days, Delta Dental will notify the enrollee in writing within 30 days stating the reason for delay.

Questions or complaints regarding eligibility, the denial of dental services or claims, the policies, procedures, or operations of Delta Dental, or the quality of dental services performed by the dentist may be directed in writing to Delta Dental or by calling Delta Dental at (717) 766-8500 or toll-free at (800) 932-0783. You can also e-mail questions by accessing the "Contact Us" section of Delta Dental's web site at www.deltadentalins.com.

A grievance is a written expression of dissatisfaction with the provision of services or claims practices of Delta Dental. When you write, please include the name of the enrollee, the primary enrollee's name and enrollee ID, and your telephone number on all correspondence. You should also include a copy of the claim form, Benefits Statement, Invoice or other relevant information.

Appeals

Any dissatisfaction with adjustments made or denials of payment should be brought to Delta Dental's attention, and if unresolved to your satisfaction, to the Plan Administrator. The Plan Administrator will advise you of your rights of appeal or other recourse.

Appeals on claims denied must be submitted in writing. For an explanation as to your rights of appeal, please refer to the Claims Denial Review Procedure that is furnished automatically without charge as a separate document that accompanies this booklet.

Send your grievance, appeal, or claims review request to Delta Dental at the address shown below:

GENERAL PROGRAM INFORMATION**Proof of Claim**

Before approving a claim, Delta Dental will be entitled to receive, to such extent as may be lawful, from any attending or examining dentist, or from hospitals in which a dentist's care is provided, such information and records relating to attendance to or examination of, or treatment provided to, an enrollee as may be required to administer the claim, or that an enrollee be examined by a dental consultant retained by Delta Dental, in or near the community or residence. Delta Dental will in every case hold such information and records confidential.

Physical Access

Delta Dental has made efforts to ensure that our offices and the offices and facilities of participating dentists are accessible to the disabled. If you are not able to locate an accessible dentist, please call our Customer Service Center and a representative will help you find an alternate dentist.

Access for the Hearing Impaired

The hearing impaired may contact the Customer Service Center through our toll-free TTY/TDD number at (888) 373-3582.

Privacy

Delta Dental values its relationship with you. Protecting your personal information is of great importance to us. Delta Dental will obtain from the enrollee only nonpublic information that relates to Delta Dental's administration of the dental benefits we provide. Information may include, but not be limited to name, address, social security number, enrollee ID, and date of birth. We do not disclose any nonpublic personal information about you to any affiliated or nonaffiliated third parties except as is necessary in order to provide our service to you or as we are required or permitted by law. Delta Dental maintains physical, electronic, and procedural security measures to safeguard your nonpublic personal information in our possession.

Web Site Security

Delta Dental employs security measures to control access to the eligibility and dental benefit information under our control. Delta Dental uses industry standards, such as firewalls and Secure Socket Layers, to safeguard the confidentiality of personal enrollee information.

There are areas of our web site that require a specific user ID and password for web site access. In order to receive a user ID and password, Delta Dental requires enrollees to contractually agree to not provide information they may access to other individuals. The user identification and password required for site access is internally validated to ensure this information cannot be viewed without proper authority and security authentication.

ENROLLEE RIGHTS AND RESPONSIBILITIES

We believe that you, as a Delta Dental enrollee, have the right to expect quality, affordable care that protects not only your dental health, but also your privacy and ability to make informed choices. We also believe that you have certain responsibilities to help protect these rights.

The Right to Choose

The Delta Dental system maintains some of the largest dentist networks in the industry — each with a full range of specialists — to give you the widest possible choice of dentists. Dentists are never penalized for referring you to a specialist. You can visit any dentist at any time, without prior notification or authorization from Delta Dental.

The Right to Quality Assurance

While we support the right of enrollees to choose their dentist, we recognize our responsibility to provide some assurances of quality care.

Therefore, each dentist who has contracted with Delta Dental agrees to provide care that meets the standards of the dental profession. Dentist contracts allow Delta Dental to audit dental offices in person — at random and for cause — to help ensure that these standards are met. If you should ever receive substandard care from a Delta Dental dentist, Delta Dental will fully investigate the matter and can arrange for you to be reimbursed and/or retreated as needed.

The Right to Affordability

Delta Dental contracts with dentists to provide fair and reasonable compensation. Those contracts also prohibit dentists from billing you for excess charges, “add-on” procedures that should already be included, or for any amount that is Delta Dental’s responsibility.

Delta Dental benefit plans are designed to promote preventive care, avoiding dental disease before more costly treatment becomes necessary.

The Right to Full Disclosure

You have the right to clear and complete information about your dental benefits, including treatment that is subject to limitations or not covered. You are entitled to know what your share of costs will be before you receive treatment (“pre-treatment estimate”), and how your dentist is compensated by Delta Dental. Delta Dental provides materials to explain these features to you.

Delta Dental dentists are not subject to policies sometimes called “gag clauses.” You are entitled to hear about all treatment options your dentist may recommend, whether covered or not, and to obtain a second opinion if you choose.

The Right to Fair Review and Appeal

Delta Dental supports your right, as well as your dentist's, to a fair and prompt review of any of Delta Dental's coverage decisions. We maintain effective complaint resolution systems in the event of disagreement over coverage or concern about the quality of care.

The Responsibility to Protect These Rights

Protection of the rights described above is possible only with your cooperation. In order to ensure the continued enjoyment of these rights, you share:

- The responsibility to participate in your own dental health — practicing personal dental hygiene and receiving regular professional care. You should avoid substances and behaviors that could jeopardize your oral health, and should cooperate with your dentist on his or her recommended treatment plans.
- The responsibility to become familiar with your coverage. This includes meeting any financial obligation incurred as a result of treatment (including the appropriate copayments or deductibles required by the program). It means cooperation with Delta Dental policies designed to protect against health care fraud schemes by fellow enrollees or dentists. It also means taking advantage of the information available on dental health and your dental program so that you can become a more informed consumer.

LIMITATIONS AND EXCLUSIONS**Excluded Benefits**

The plan covers a wide variety of dental care expenses, but there are some services for which we do not provide benefits. It is important for you to know what these services are before you visit your dentist.

The plan does not provide benefits for:

1. Treatment or materials that are benefits to an enrollee under Medicare or Medicaid unless this exclusion is prohibited by law.
2. Treatment or materials to correct congenital or developmental malformations (including treatment of enamel hypoplasia) except for newborn children eligible at birth, so long as such eligible children continue to be enrolled. When services are not excluded under this provision, congenital defects or anomalies specifically includes individuals born with cleft lip or cleft palate, and other limitations and exclusions of this section shall specifically apply.
3. Treatment that increases the vertical dimension of an occlusion, replaces tooth structure lost by attrition or erosion, or otherwise unless it is part of a treatment dentally necessary due to accident or injury.
4. Treatment or materials primarily for cosmetic purposes including but not limited to treatment of fluorosis (a type of discoloration of the teeth) and porcelain or other veneers not for restorative purposes, except as part of a treatment dentally necessary due to accident or injury. If services are not excluded as to particular teeth under this provision, cosmetic treatment of teeth adjacent or near the affected teeth are excluded.
5. Treatment or materials for which the enrollee would have no legal obligation to pay.

6. Services provided or materials furnished prior to the effective eligibility date of an enrollee under this plan, unless the treatment was a year in duration and completed after the enrollee became eligible if no other limitations shall apply.
7. Periodontal splinting, equilibration, gnathological recordings and associated treatment and extra-oral grafts.
8. Preventive plaque control programs, including oral hygiene instruction programs.
9. Myofunctional therapy, unless covered by the exception in Item 2, above.
10. Temporomandibular joint dysfunction, unless covered by the exception in Item 2, above.
11. Prescription drugs including topically applied medication for treatment of periodontal disease, pre-medication, analgesias, separate charges for local anesthetics, general anesthesia except as a covered benefit in conjunction with a covered oral surgery procedure.
12. Experimental procedures that have not been accepted by the American Dental Association.
13. Services provided or material furnished after the termination date of coverage for which premium has been paid, as applicable to individual enrollees, except this shall not apply to services commenced while the plan was in effect or the enrollee was eligible.
14. Charges for hospitalization or any other surgical treatment facility, including hospital visits.
15. Dental practice administrative services including but not limited to, preparation of claims, any non-treatment phase of dentistry such as provision of an antiseptic environment, sterilization of equipment or infection control, or any ancillary materials used during the routine course of providing treatment such as cotton swabs, gauze, bibs, masks, or relaxation techniques such as music.
16. Replacement of existing restorations for any purpose other than restoring active carious lesions or demonstrable breakdown of the restoration.
17. Payment of any claim, bill or other demand or request for payment for health care services that the appropriate regulatory board determines were provided as a result of a prohibited referral.
18. Any tax imposed (or incurred) by a government, state or other entity, in connection with any fees charged for benefits provided under the Contract, will be the responsibility of the Enrollee and not a covered benefit.

Limitations

Benefits to enrollees are limited as follows:

Limitation on Optional Treatment Plan. In all cases in which there are optional plans of treatment carrying different treatment costs, payment will be made only for the applicable percentage of the least costly course of treatment, so long as such treatment will restore the oral condition in a professionally accepted manner, with the balance of the treatment cost remaining the responsibility of the enrollee. Such optional treatment includes, but is not limited to, specialized techniques involving gold, precision partial attachments, overlays, implants, bridge attachments, precision dentures, personalization or characterization such as jewels or lettering, shoulders on crowns or other means of unbundling procedures into individual components not customarily performed alone in generally accepted dental practice.

Limitation on Major Restorative Benefits. If a tooth can be restored with amalgam, synthetic porcelain or plastic, but the enrollee and the dentist select another type of restoration, the obligation of Delta Dental shall be only to pay the applicable percentage of the fee appropriate to the least costly restorative procedure. The balance of the treatment shall be considered a dental treatment excluded from coverage under this plan.

- Replacement of crowns, jackets, inlays and onlays shall be provided no more often than once in any five-year period and then only in the event that the existing crown, jacket, inlay or onlay is not satisfactory and cannot be made satisfactory. The five-year period shall be measured from the date on which the restoration was last supplied, whether paid for under the provisions of this plan, under any prior dental care contract, or by the enrollee.

Limitation on Prosthodontic Benefits. Replacement of an existing denture will be made only if it is unsatisfactory and cannot be made satisfactory. Services, including denture repair and relining, which are necessary to make such appliances fit will be provided as outlined in the section "Covered Benefits." Prosthodontic appliances and abutment crowns will be replaced only after five years has elapsed following any prior provision of such appliances and abutment crowns under any plan procedure.

Implants provided under any Delta Dental plan will be replaced only after five years have passed. Replacement of an implant supported prosthesis not provided under a Delta Dental program will be covered if it is unsatisfactory and cannot be made satisfactory. Implant removal is limited to once for each tooth during the Enrollee's lifetime.

Limitation on Orthodontic Benefits. Orthodontic benefits are limited to devices and procedures for the correction of malposed teeth of employees, spouses and dependents up to age 26, through the completion of the procedures; or to the date coverage terminates, whichever occurs first. Upon termination of coverage, Delta will extend benefits until half of the orthodontic treatment is complete if the orthodontist has received the first 50% of the Delta benefit; or for 90 days or until the end of the quarter in progress, whichever is longer, if the orthodontist has agreed to or is receiving quarterly payments when coverage terminates. Delta Dental will not make any payment for repair or replacement of orthodontic appliances.

Limitation on Oral Surgery Benefits. Delta Dental's obligation for these oral surgery services shall be limited to the difference between benefits paid under such other contracts up to the allowed amount for the procedure less the applicable deductible and enrollee copayment. When there is no medical or hospital coverage, Delta Dental's obligation for oral surgery services shall be limited to the allowed amount for those services provided under the contract less the applicable deductible and enrollee copayment.

Limitation on Periodontal Surgery. Benefits for periodontal surgery in the same quadrant are limited to once in any five-year period. The five-year period shall be measured from the date on which the last periodontal surgery was performed in that quadrant, whether paid for under the provisions of this plan, under any prior dental contract, or by the enrollee.

Limitation on Sealants. Treatment with sealants as a covered Service is limited to applications to eight posterior teeth. Applications to deciduous teeth or teeth with caries are not covered Services. Sealants will be replaced only after three (3) years have elapsed following any prior provision of such materials.

Limitation on Occlusal Restorations. Single-surface occlusal restorations of a tooth to which a sealant has been applied within twelve months, and two or three surface restorations within six months, which include occlusal surfaces on which sealants have been placed are not covered Services. If a single-surface occlusal restoration is performed on a tooth from twelve to thirty-six months after a sealant has been applied to that tooth, the obligation of Delta Dental shall be only to pay the fee appropriate to the restoration in excess of the fee paid for the application of the sealant.

DEFINITION OF TERMS

The following are definitions of words that have special or technical meanings under the plan.

Attending Dentist Statement: The written report of a series of procedures recommended for the treatment of a specific dental disease, defect or injury, prepared for an enrollee by a dentist as a result of an examination made by such dentist.

Benefits Statement: The statement you receive after a claim is processed, detailing how your claim payment was calculated including the procedures and fees submitted and the amount for which you are responsible.

Calendar Year: The time period beginning on January 1st and ending on December 31st.

Claim Form: A written or electronically submitted document to request payment for completed dental treatment or to request a pre-treatment estimate for proposed dental treatment. The claim form is also sometimes called an Attending Dentist's Statement.

Company: The organization or group contracting to obtain benefits.

Contract: The written agreement between Delta Dental and MEBA Medical and Benefits Plan to provide dental benefits. The contract, together with this Evidence of Coverage, forms the terms and conditions of benefits available to you under the dental plan.

Contract Year: The 12-month period beginning on the effective date and each yearly period thereafter.

Copayment: Your share of the cost of a covered service, usually expressed as a percentage of the applicable allowed amount.

Deductible: The dollar amount enrollees must pay toward completed treatment before Delta Dental's payment is applied to those services in a given period.

Delta Dental PPO plus Premier: A dental care program under which all fees paid by Delta Dental for covered services provided by a PPO dentist shall be based on the PPO allowed amount, subject to any applicable copayments, deductibles and maximums. All fees paid by Delta Dental for services provided by a Premier dentist who is not a PPO dentist or by a Non-Participating dentist shall be based on the Premier allowed amount.

Delta Dental PPO ("PPO") Dentist: A participating dentist who is a member of the Delta Dental PPO dentist network.

Delta Dental Premier ("Premier") Dentist: A participating dentist who is a member of the Delta Dental Premier dentist network.

Delta Dental PPO (“PPO”) Maximum Plan Allowance: The maximum amount payable by Delta Dental for a covered dental service in a PPO program. Delta Dental establishes the maximum plan allowance for each procedure through a review of proprietary filed fee data and actual submitted claims. Maximum plan allowances are typically set annually to reflect charges based on actual submitted claims from dentists in the same geographical area with similar professional standing. The enrollee’s financial obligation beyond the maximum plan allowance is determined by any maximums, deductible and co-payment amounts.

Delta Dental Premier (“Premier”) Maximum Plan Allowance: The maximum amount payable by Delta Dental for a covered dental service in a Premier program. Delta Dental establishes the maximum plan allowance for each procedure through a review of proprietary filed fee data and actual submitted claims. Maximum plan allowances are typically set annually to reflect charges based on actual submitted claims from dentists in the same geographical area with similar professional standing. The enrollee’s financial obligation beyond the maximum plan allowance is determined by any maximums, deductible and copayment amounts.

Dependent: Eligible family members as defined in the Eligibility and Enrollment section of this Evidence of Coverage.

Effective Date: The date the dental program begins. This date is given on the front cover of this Evidence of Coverage.

Employee: An Employee of the Company who meets the eligibility requirements, accepted by Delta Dental, for enrollment under the contract, and who is so specified for enrollment.

Enrollee: Collectively, the primary enrollee and all enrolled dependents.

Exclusions: Services that are not covered under this dental plan.

Family: The primary enrollee and all enrolled dependents of the primary enrollee.

Limitations: The number of services allowed, frequency of services allowed, and the most affordable dentally appropriate service.

Maximum Benefit: The total maximum dollar amount Delta Dental will pay toward the cost of covered dental care incurred by an individual enrollee in a given period.

Network: A collective expression for all participating dentists who have contracted with Delta Dental to offer services to enrollees and who have agreed to abide by certain administrative guidelines.

Non-Participating Dentist: A dentist who has not contracted with Delta Dental and who is not contractually bound to abide by Delta Dental’s administrative guidelines.

Out-of-Pocket Costs: The portion of dental fees that you pay. Out-of-pocket costs include your deductible, copayment, any amount exceeding the maximum benefit amount, and services not covered by the dental plan.

Participating Dentist: A dentist who contracts with Delta Dental and agrees to abide by certain administrative guidelines.

PPO Allowed Amount: For covered services, the PPO allowed amount under this plan is the lesser of the dentist’s submitted fee or the PPO maximum plan allowance. For non-covered services, the PPO allowed amount is zero.

Premier Allowed Amount: For covered services, the Premier allowed amount under this plan is the lesser of the dentist's submitted fee or the Premier maximum plan allowance. For non-covered services, the Premier allowed amount is zero.

Pre-Treatment Estimate: A pre-treatment estimate gives a non-binding estimate of how much of a proposed treatment plan will be covered under an enrollee's dental program and what the enrollee's out-of-pocket cost will be.

Primary Enrollee: An Employee who is enrolled in this dental plan.

Services: Treatment performed by a dentist or under his/her supervision and direction and when necessary, customary and reasonable, as determined by Delta Dental, using standards of generally accepted dental practice.

Single Procedure: A dental procedure to which a separate procedure number is assigned by Delta Dental.

Submitted Amount: The amount the dental office actually submits on the claim form. This is the fee normally charged by the dentist for services provided to all enrollees, regardless of insurance coverage.

Treatment: A caring for or dealing with an oral condition.
